

INCOME DISCLOSURE STATEMENT

Vivalize's Compensation Plan is an exciting opportunity that rewards you for selling our products and/or services and for sponsoring other participants who do the same. Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant.

Since Vivalize has only recently launched, it lacks enough statistical data to prepare reliable income disclosures. Based on standard averages published by companies in the industry, **the average annual gross income for Independent Associates is projected to be anywhere between \$0 and \$2,000.**

There will be some participants who will earn nothing while others will earn much more.

We're excited about Vivalize's Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

Vivalize pays commissions according to the current compensation plan. Discuss our company with professional advisers and experienced network marketers before deciding to purchase or promote any of Vivalize's products and services. Vivalize does not guarantee you will make any money from your use or promotion of our products and services.

If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with Vivalize, results only from hard work, dedication, and leadership.
